Albuquerque Metropolitan Planning Area - Transportation Improvement Program (TIP) Section 5b – Illustrative List of Projects

The following section consists of projects that have been placed onto an illustrative list of projects per the Mid-Region Metropolitan Transportation Board (MTB).

Pursuant to CFR 450. 104 Definitions:

Illustrative project means an additional transportation project that may (but is not required to) be included in a financial plan for a metropolitan transportation plan, TIP, or STIP if reasonable additional resources were to become available.

Pursuant to CFR 450.330 (e) TIP action by the FHWA and the FTA:

If an illustrative project is included in the TIP, no Federal action may be taken on that project by the FHWA and the FTA until it is formally included in the financially constrained and conforming metropolitan plan and TIP. This would be accomplished through the TIP Amendment process.

Other Mid-Region Metropolitan Planning Organization (MRMPO) Considerations:

All illustrative projects' fund sources and funding amounts in the following list are representative and funds have not been programmed for improvements. Illustrative projects may be considered for programming upon going through the formal MRMPO TIP amendment process and contingent upon additional resources becoming available.

Comments or questions regarding the TIP and/or Section 5a can be directed to:
